

[VIRTUAL] USE YOUR VOICE

SPEAK UP for your healthy future.

→ About the training:

Become a successful advocate for prevention issues with this interactive, hands-on workshop. You will learn:

- » How you can make a difference and become an effective advocate for what you're passionate about
- » How to build relationships with elected officials and their staff
- » All about the legislative process, including connections to help you track issues
- » How to include youth leaders in advocacy and policy development

→ Who is it for?

Youth interested in making a difference through advocacy and policy change. Perfect for prevention clubs, government classes and leadership groups! No experience necessary.

→ By youth for youth!

Your workshop facilitators are youth who have experience public speaking, working with decision-makers and government leaders.
